

## CHRISTIAN EDUCATION BOARD

As the Christian Education Board is now working in an advisory capacity with Pastor Abby, please see her report for an account of the work done in Children and Family Engagement.

*The following excerpt is from Pastor Abby's report*

In June, we sent our first young adult delegate to CBOQ's Assembly. CBOQ invited churches to add a young adult delegate as a way of encouraging participation from the emerging generation in our denomination. Helen Lenz represented us well.

Our summer camp was held here at Blythwood from July 15-19. We welcomed the team from Murfreesboro back for their eighth year with us. It's always sad to say goodbye to the campers at the end of the week and, along with the CE committee, I began to explore ways that we could continue to be involved with the students of Flemington Public School. Scott Mission runs an after-school program there every day, and after contacting them, I began volunteering at their girls' program on Wednesday afternoons. Jenna Benson came with me and each week we spent time with girls in grades 2-5, playing games, doing bible study, and dancing. We also welcomed Scott Mission into our building for some of their after-school activities. It has been a good partnership as we seek to serve the Lawrence Heights neighbourhood together in Jesus' name.
